

Counting scale KERN CPB

The economical model, also with EC-Type Approval [M], counting resolution up to 75,000 Pt

Features

- **Precise counting:** The automatic optimisation of reference weight gradually improves the average value of the piece weight
- Programmable using numerical key pad:
 - required reference quantity
 - known reference weight
- **Target piece input** check-weighing with an audible signal
- **Counting results memory:** adds up all individual counting operations, result is shown in total weight and total pieces
- **Audible Fill-to-target:** target quantity or target weight can be programmed. When the target value is reached, a signal will sound

- **High mobility:** thanks to battery operation (optional), compact, flat construction and low weight, it is suitable for use in several locations (production, warehouse, dispatch department,...)

Technical data

- Large LCD display, digit height 20 mm
- Dimensions of weighing plate (stainless steel) WxD 294x225 mm
- Overall dimensions WxDxH 320x350x125 mm
- Net weight approx. 3,9 kg
- Permissible ambient temperature 0°C / 40°C

Options

- **Protective working cover,** KERN CFS-A02
- **Rechargeable battery pack internal,** operating time approx. 90 h, charging time approx. 14 h, KERN GAB-A04
- **Matrix needle printer,** KERN 911-013
- **Thermal printer,** KERN YKB-01N

For additional information on the printers see page 124
